William Pedersen
Operations Manager
Pipelining Technologies, Inc.
1616 N. Fla. Mango Rd., #C-11
West Palm Beach, FL. 33409

Dear William,

On behalf of the Board of Directors and the residents of our condominium, we want to thank you for coordinating this complex project that began on June 30.

We want to particularly commend the crew that has been here under Christian's supervision. Every single employee of yours has been nothing but courteous, professional, pleasant and efficient. We wish we could thank each by name, but trust that you will do so for us.

We have been very impressed by the work done here and if we should ever need anything else along the lines of the work your company performs, rest assured we will be using you again.

Once again, our thanks and our compliments to you all!

Best regards,

Vivian Lerner, LCAM
Property Manager
