Michael Wilson

Pipelining Technologies, Inc.

1616 N. Florida Mango Road, #C-11

West Palm Beach, FL 33409

Mr. Wilson,

I wanted to drop you a line to say how pleased we are with the recent pipe lining job your company did for us here at the Martinique II. From the initial contact with William Petersen, through to project completion with Garrett and his crew, it was a pleasure working with you all. Your knowledge of the product and expertise in installation is impressive to say the least. Our job was completed on schedule and on budget even while performing the work with our buildings occupied. Work areas were kept tidy, and the dedication of your staff to your company and its clients was clear in everything they did and everyone they came into contact with. As you know we have a 25 year-old property in a coastal environment, and we'll no doubt be back in touch for future projects as the years progress. Please don't hesitate to use us as a reference if needed. Thanks to everyone there at Pipelining Tech. for their hard work and the respect they showed us while here.

Sincerely,

Steve Grimes

General Manager
